## Equipment

It is important to wear snowproof and non-slip winter shoes.

Appropriate snowshoes.

In case you would like to rent or buy equipment we would be more than happy to advise you. Please mention it while making a booking.

## Service

Certified hiking guides undertake all operations and organisation of the snowshoe hike. All costs regarding your journey, your stay and catering will have to be covered by you.

## Requirements

No previous experience is necessary. The courses are for both beginners and for masters.

## To bring along

Snowproof and non-slip winter shoes.

The appropriate gear is essential. It is best to wear waterproof, windproof and breathable clothing. Wearing a number of thinner layers, which can be easily removed and put back on has proven to be very successful to regulate your body temperature.
