

Private Skirace

Whether to motivate your employees or to increase customer loyalty – we organise events for your company and also for your Club or association! With us you will spend an unforgettable day on the slopes of Kitzbühel! Every average skier or snowboarder can participate in this event!

We prepare a racetrack just for your group and time every participant with electronic timekeeping. The race can be organised as a team competition or an individual race. The après-ski as well as the victory ceremony will take place on a cosy mountain hut, where you can enjoy a delicious buffet and recall your day in the snow. But also those who don't participate actively in the race will experience a memorable day in the mountain area of Kitzbühel. No matter if you ski, snowboard, snowshoe or are on foot – you can support your colleagues at the racetrack and of course you will join them at the victory ceremony, the après-ski and the evening spent on the hut.

We organise your skirace, with the following coverage:

- Startnumber
- Crush barrier of the piste
- Reservation of the race track
- Displaying the gates
- Creating the ranking list
- Price giving ceremony on request
- Catering in the starting or finish area on request
- Time keeping
- Starting list

Equipment

Giant slalom skis or slalom skis with appropriate bindings as well as ski boots. We recommend wearing a helmet and a back protector. For slalom training it is essential to wear protectors for shins and knees.

In case you would like to rent or buy equipment we would be more than happy to advise you on which material to buy. Please mention it while making a booking.

Service

Trained ski instructors and coaches of the Snowsports-team holding a state-certified diploma in their field undertake all operations and organisation.

All costs regarding your journey, your stay and catering will have to be covered by you.

Requirements

The ability to ski on different terrains and slopes
It is necessary to be in normal physical condition

To bring along

The appropriate gear is essential. It is best to wear waterproof, windproof and breathable clothing. Wearing a number of thinner layers, which can be easily removed and put back on has proven to be very successful to regulate your body temperature.

- For your slalom race you need protectors!
- It is obligatory to wear a helmet!
- Giant slalom skis or slalom skis
- A race suit if possible
